The **MAMbo's Permanent Collection** offers the public an interpretation of Italian art through the history of the *Galleria d'Arte Moderna di Bologna* and the subsequent acquisitions, from the 1950s to the most recent development.

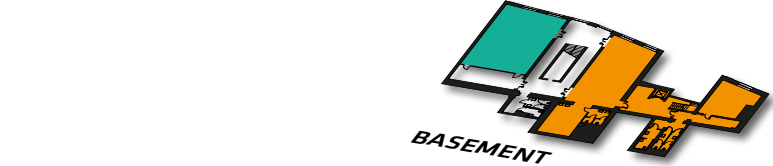

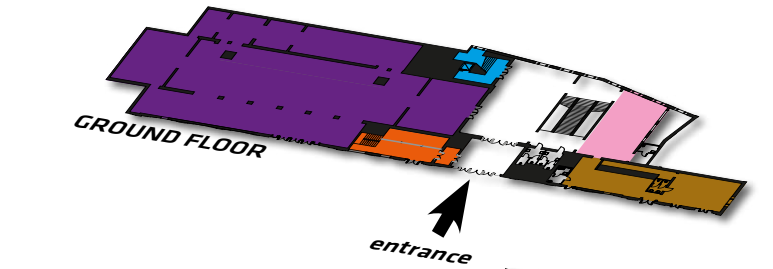

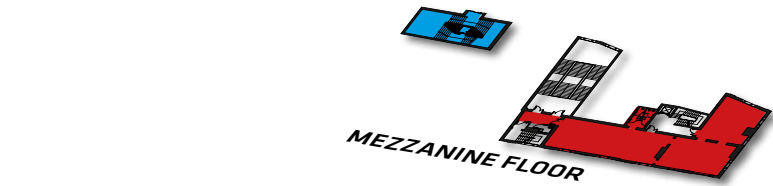

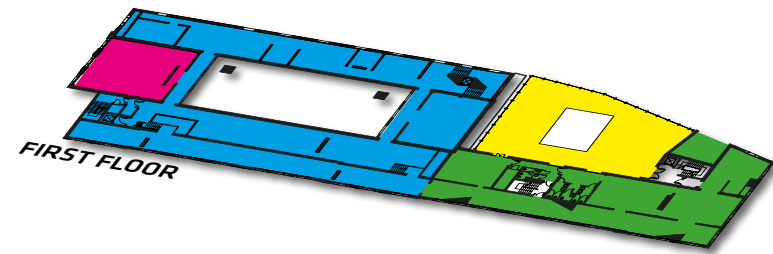

In the **Sala delle Ciminiere** exhibition hall MAMbo confirms its will to further develop the vision that turned it into a major reference-point within the museums scene, by scouting out for new generations of Italian and international artists, by working on experimental media, with a special focus on the production of brand new pieces in order to enlarge the permanent collection.

The **MAMbo Project Room**, a large room located in the permanent collection area, focuses on projects and artists that are deeply rooted in the local territory.

The **corrainiMAMbo artbookshop** offers catalogues, books and the museum's merchandising, together with a wide selection of publications on Art, Design, Architecture, Illustration and Cinema.

SEDI ESTERNE

Villa delle Rose

The Villa, donated to the Municipality of Bologna in 1916 and the first venue of the Galleria d'Arte Moderna, today is MAMbo's external exhibition venue. The eighteenth-century building surrounded by greenery hosts temporary exhibitions and site-specific projects.

Casa Morandi

In this apartment, which became a museum in 2009, the artist lived and worked from 1910 to 1964. Along with the furnishings, the collection of ancient artworks and his library, the reconstruction of his atelier is really evocative, with the jars, bottles, shells and other original objects used for the famous still lifes.

Residenza per artisti Sandra Natali

The residence, donated to the Municipality by Sandra Natali, is home to the ROSE project that hosts Italian and international artists who are offered the opportunity to develop and produce specific projects related to their experience in Bologna.
